ABOUT BAODT

BAODT is a contemporary art business founded by Raphaela and Alessandra in 2021, with one clear goal: to make art accessible to everyone.

Known for worldwide curated pop up galleries and a strong community focus, BAODT brings together emerging and established artists, connecting them with buyers and collectors through relaxed yet refined exhibition concepts. Alongside exhibitions, BAODT offers bespoke art consulting, collection building and long-term guidance for private and corporate clients worldwide.

Since December 2025, clients are also welcomed to the new showroom in Munich, Germany for private viewings in a more personal and intimate setting.
